Greetings –

“We can make our plans, but the LORD determines our steps.” **Proverbs 16:9 (NLT)**

Forty plus years ago I had plans. I won't go into their details but suffice to say not everything turned out as I envisioned. I've had to learn some lessons repeatedly. As I am now closer to my end than to my beginning, I've discovered that many of my original plans were too small, too self-centered. What I have especially delighted in is *how BIG our God is in His love, grace, forgiveness and mercy*. He is indeed patient and kind. I wish you that realization in your journey.

As announced last Sunday, I have resigned my position here with First Christian Greeley to accept a like ministry with the First Christian Church of Guthrie, OK. I will officially begin with them Wednesday, March 1. Our last Sunday with you will be February 26.

We are pleased that this move will take us to our other son, Ryan, and his family who live in Edmond, OK. We will also have the opportunity to see our daughter Lyndsey and her family more often as our son-in-law's parents live in Oklahoma City.

I'll elaborate on this more next week, but please know this announcement is bittersweet. We have thoroughly enjoyed our time with you. You have endeared yourselves to us as we hope we have to you. The Lord indeed has blessed our journeys to walk the same path for this season.

This Sunday I'll continue the series **Moving Forward – Even When Things Are Difficult**.

Along with joys, life brings difficulties, hardships, and burdens. Tough times are intimidating. Join me as we discover some great Scriptural precepts that strengthen and support us in such times.
